MemoApp.java

```
package org.scoula.memo;

import org.scoula.lib.cli.App;
import org.scoula.lib.cli.ui.Menu;

public class MemoApp extends App {
    @Override
    public void createMenu(Menu menu) {
        super.createMenu(menu);
    }

    public static void main(String[] args) {

    }
}
